CONACYT CURRICULUM VITAE ÚNICO (CVU)

The Curriculum Vitae Único - CVU (*Unique Curriculum Vitae*) for foreigners is only and exclusively for those users who will request support from CONACYT- and are not Mexican residents.

To record a Curriculum Vitae Único – CVU- , you must CREATE A USER NAME AND PASSWORD, so the CONACYT application requires the following information:

- **Clave Única de Registro de Población – CURP** (*Unique Population Registry Code*)
This code serves to individually register all persons residing in Mexico, national and foreign, as well as Mexicans residing in other countries.
- **Correo electrónico** (*E-mail*)
- **Confirmación de correo electrónico** (*Confirm E-mail*)
- **Validación** (*Validates you are not a robot by marking the required images.*)

NOTE: All are required fields

The foreigners mentioned in the first paragraph must process the Clave Única de Registro de Población (*Unique Population Registry Code*) by sending an email to cvu@conacyt.mx stating their case, and provide the following information:

- Name
- First surname
- Second surname
- Date of birth
- Nationality
- Country of Birth
- Email
- Gender
- PeopleSoft user (X_user) (if you have one)
- Password (if you have one)
- CVU number (if you have one)

Once CONACYT provides the foreigner a **Clave Única de Registro de Población** (*Unique Population Registry Code*), **the foreigner** can create the username and password.
